Fishnet is a specialized global trader of frozen seafood. It is a company that listens, analyzes the needs of the customers, diagnoses and acts.

Starting from Bangladesh in 2010, we have established a strong and experienced team to ensure best quality of our services. A group of motivated and qualified professionals are working in Fishnet to offer the best solutions and we believe, 'we only can win if you win, can't be the other way.'

We have successfully built a strong network with highly reputed shrimp and seafood processing companies from all over Bangladesh.

Over the years we have expanded our procurement network in alliance with companies from India, Vietnam, China, Thailand, Myanmar and Indonesia. We trade with importers across Europe, The United Kingdom and parts of Asia including Japan and Korea.

Our mission is to inform our customers in such a way that helps them making a better buying decision and thus achieving higher turnover and long term business alliance.

Why Fishnet?

When you are working with us, we will invest our time in you so that, we can get to know you better. We want to know your need and requirements and then help you make a sound buying decision by sharing relevant information regarding market diversity, product specifications, competitive price rates, packaging and real time shipment.

We ship all our products via Our experienced employees ensure the high quality of our products and services as diverse to the European Union, Asia and Middle East through 24/7 shift by shift supervision. We thrive to provide tailor made service assuring everything from processing, quality control, attractive eye catching packaging to logistics support. And that is what lead us to choose our tagline 'Your product, our responsibility'.
